On the right side, there is a search bar, social media icons, and a list of related articles with a red 'APPLY' button.

enhance the accessibility of healthcare to the un-served and under-served while also warding off the threat of smuggling low-quality devices into India," said Pavan Choudary, Chairman and Director General Medical Technology Association of India.

#### Real estate sector

Housing remains the top priority for every Indian regardless of their income levels, education or any other possible factor. "Budget 2019 would play a pivotal role in the grand dream of 'Housing for all by 2022'. Allocating separate industry status to HFCs in the bank exposure will ease liquidity scenario. Steps like extension of Sec80-IBA until FY22 to promote affordable projects, tax-sops on green housing projects, housing corridors development akin & adjacent to industrial corridors, increased allocation of funds for infra development push in Tier-3 and smart cities, increased allocation to Amrut-Saubhgya-Ujjwala Yojna etc will certainly ensure the right push in the supply side of real-estate," says Arvind Hali, CEO and MD, ART Housing Finance.
